Carlo 70 “Scent of Copulas”

A Conference to celebrate the seventieth birthday of Professor Carlo Sempi
May, 18, 2018, Rettorato, Università del Salento

Program of the day

08:30-09:00 Registration

09:00-09:30 Institutional Openings (Dean speech)

First talk session

09:30-10:10 Fabio Spizzichino, Sapienza Università di Roma

Reliability-related concepts in the analysis of stochastic dependence

10:10-10:50 Susanne Saminger-Platz, Johannes Kepler University

to be defined

Coffee Break 10:50-11:20

Second talk session

11:20-12:00 Maurizio Pratelli, Università di Pisa

to be defined

12:00-12:40 Antonio Di Crescenzo, Università di Salerno

Recent results and applications of geometric counting processes

12:40-13:00 **Franco Pellerrey (TO BE CONFIRMED)**

Lunch 13:00 – 14:30

Third talk session

14:30-15:00 Roberta Pappadà, Università di Trieste
Modeling tail dependence for Clustering

15:00-15:30 Elisa Perrone, Massachusetts Institute of Technology
Geometry of discrete copulas

15:30-16:00 Manuel Úbeda Flores, Universidad de Almería
Copulas and diagonals

Coffe Break 16:00-16:30

Fourth talk session

16:30-17:10 Wolfgang Trutschnig,
Complete dependency everywhere?

17:10-17:50 José Juan Quesada Molina,
My meeting with Carlo Sempi

17:50-18:00 *Carlo's speech*

20:00-who may know? *Dinner to celebrate Carlo's birthday*
(reservation required: contact the organizers for joining)
